SUPERVISORY PATENT EXAMINER
GROUP 1617

REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance:

The prior art of record does not teach or suggest a metered dose inhaler comprising fluticasone propionate and an HFA propellant in a solution form. S.S. Davis teaches an aerosol solution comprising a water-ethanol-propylene glycol solvent system and a drug for use in a nebulizer. Weers teaches a metered dose inhaler comprising a suspension or dispersion of microstructures. Thus it is considered that the combination of the references does not result in a solution of fluticasone for administration via a metered dose inhaler.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Mina Haghighatian whose telephone number is 571-272-0615. The examiner can normally be reached on core office hours.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Johann Richter can be reached on 571-272-0646. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
